

**Yolanta Lensky's "Spontendor - The Flying Baby Horse"** ( *Brings Knowledge and Inspiration to Children's Lives.* )

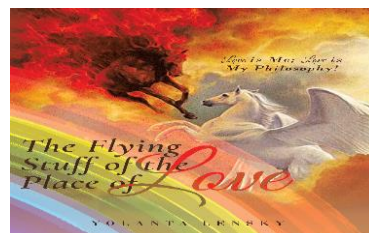

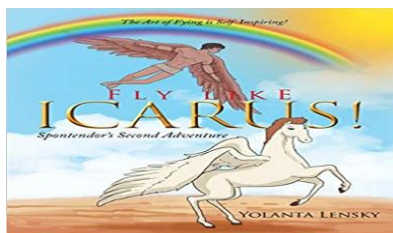

"**Spontendor - The Flying Baby Horse**" is a children's book by *Yolanta Lensky*, and it is the first book of the [the Spontendor Trilogy](#) about **the flying Pegasus**. *Yolanta* presents Spontendor as **a new superhero for children** that live in a new virtual reality, charged with amazing technological innovations. The inspiration that "*Spontendor - The Flying Baby Horse*" can bring into their lives can be a real beacon of self-creation for them

**October 28, 2020: "Spontendor - The Flying Baby Horse"** is a children's book for readers between the ages of 5-7 years. **The book has a very simple, but intriguing methological background.** It tells the story of *Spontendor, the Pegasus, the flying baby horse*, who saves his friend *Princess Antoinette, the daughter of Zeus, the God of Olympus*.

*Yolanta Lensky* wrote the book for her daughter, wherein she focused on inculcating strong family values in her child as well as in all readers who are that young. With the creative tools that are used by her hero, like *the inspirational mind-sets, the map, the calendar, the compas*, etc. *Yolanta Lensky* guides her young readers about the ways in which they can enhance their thinking and imaging powers with her inspirational and lexically rich expertise. In this way, the book of "*Spontendor - The Flying Baby Horse*" can truly expand the intellectual horizon of the kids, enrich their working vocabulary with the language games, and inspire their spontaneous nature for new heroic and kind deeds.

**Spontendor, a flying Pegasus**, is the main character of these three books, the other two being "**Fly Like Icarus!**" (*ages of 6-8*) and "**The Flying Stuff of the Place of Love**", (*ages of 9-12*). All three book accentuate the children's inquisitive, spontaneous, and honest nature and inspire them with Spontendor's heroic mottoes and brave deeds. The books and their stories are definitely going to appeal to the children who are noble at heart and are ready to assist anyone who yearns to have a genuine friend by their side. The books are technologically friendly, thought-provoking, and are very inspiring for life-exploration.

The whole purpose of "**Spontendor - The Flying Baby Horse**" and the other two books is to inspire the readers to expand their outlook with a special section in the books, called, "*To Be Interesting, Get Interestred*" and imbue them with the desire to become great human beings, "**the best versions of themselves.**" The motto of all the three books is:

**Seek and You will find if you are bold in your heart and the mind!**
